About Cache Valley Gardeners' Market

Cache Valley Gardeners' Market is managed by the Sustainable Agriculture Association of the Bear River Area, a 501(c)3 not-for-profit organization, to provide a venue to support their goals and objectives. CVGM is registered as an Outdoor Market with UDAF who expects us to comply with the same requirements retail food stores must follow. We are not connected to any local city, county or state government. CVGM has the right to refuse vendor applications for any reason.

SAABRA (Sustainable Agriculture Association of the Bear River Areas) was formed in October of 2001 as a 501 (c) 3 non-profit corporation to organize citizens and professionals throughout the Bear River Region into a structure to support and enhance sustainable agriculture in our area and throughout Utah and Southern Idaho.

The goals of SAABRA are to:

- educate our consumers, legislators and other government officials to the benefits and techniques of sustainable agriculture
- assist farmers and food-based entrepreneurs to develop value-added products
- provide educational literature, research, and technical assistance to farmers and citizens
- organize methods of linking consumers with locally produced food and products; and obtain and administer the resources needed to accomplish these goals.

The objectives of SAABRA are to:

- promote sustainable agriculture by educating farmers, consumers, policy makers, and the general public
- coordinate the education and training of owners/managers of value-added agriculture and food-based businesses
- provide mentoring opportunities for food-based business owners
- provide outreach and linkage among businesses, producers, and consumers
- coordinate needed infrastructure and resources to enable the above listed objectives.

Cache Valley Gardeners' Market supports the above goals and objectives.

Mission Statement of Cache Valley Gardeners' Market

The mission of Cache Valley Gardeners' Market is to educate consumers about sustainable agriculture and healthy foods, provide a source of revenue for local farmers and artisans, and create a vital community gathering place for all ages. Our Market showcases locally homegrown produce, homemade foods, fine arts and handmade crafts. In support of this mission, we will:

- Foster commercial and educational relationships between our vendors and city-dwellers;
- Serve as an outlet for new businesses;
- Enhance the region's quality of life by encouraging environmentally sound agriculture and access to local, healthier foods.

We expect our vendors to observe and follow market rules. Habitual problems will result in suspension from market the following week, payments not refundable.

“weekly” space. If you arrive late and notice your space has been re-assigned, please do not approach the vendor, the Market Management Team will assign you a temporary space for the day. Disrupting market over losing your space can result in being suspended from the market the following week with no refund.

- 3.5 Multiple Spaces:** Only produce growers may request a second 10'X10' space. Produce vendors that misuse their extra booth space will lose the privilege to use two booth spaces and may have their space relocated. No refunds will be given. - 3.6 Non-Transferable:** Vendors may not sublet and/or promise their space to others. Only the Market Management Team can assign spaces.
- 3.7 Opt-Out Policy:** Fees are not refundable nor transferable. If you have paid for your space in advance, are in good standing and wish to remain in good standing to qualify for a reserved space in the future, you must notify the Market Management prior to leaving market.
- 3.8 Relocation:** Space assignment can be changed at the discretion of the Market Management Team as needed for the good of the market.
- 3.9 Leaving Early:** Vendors **May NOT** leave the market early for **ANY** reason (emergency excepted). Doing so is dangerous and makes the market look poorly. If you sell out, your canopy and other market equipment must remain in place until the market is over. Leaving early will result in suspension from the market the following week.

Email addresses: Updates and vendor information will be sent to the email address provided on the application. It is the vendor's responsibility to retrieve and read all communication from the Market Manager prior to market day. Please do not unsubscribe from the program we use for this purpose. - Please note: Due to safety, early booth disassembly is not allowed until market is closed. If you sell out early, cover your tables and come back at 1:00 to dismantle. If you have an emergency, please contact the market management.

4.1.1 All vendors are responsible to set up and take down their own space. Design your space with your

abilities in mind. Volunteers are primarily for market management use. If you require assistance to set up and take down, it is your responsibility to hire help.

Just as in Market Set Up, during market breakdown, vendors must break down stalls and canopies and prepare everything for loading before bringing vehicles in to load. Repeated failure to adhere to the Market Set Up/Break Down guideline can result in Market disciplinary action (See Section 13).

The Market Manager will create groups of vendors and assign them specific weeks to help with Break-down.

IMPORTANT!!

Vendors with non-market related items in plain view will be asked to remove them.

5.2 Accessibility: Table displays, canopy walls, temporary displays in front of stalls, and signs must not block accessibility to adjoining stalls or impair another vendor's ability to sell. Driveways, parking lot, market entrances, vendor stalls, etc., must be accessible to all. If anything is obstructing access to any component of the market, please correct the situation or alert market management. Remember that people with disabilities must be able to access and enjoy the same goods, services, and benefits available to all. Consider them as you plan your space.

5.3 Canopies/Umbrellas: Shade structures of any type cannot be no larger than 10'x10'. They are required to be weighted from the time it is put up to the time it is taken down. Any vendor who fails to properly secure his or her canopy or umbrella will not be allowed to sell at the farmers market on that market day, unless that vendor chooses to take down and store their canopy or umbrella and sell without it. All canopies must be weighed down by a minimum of 40 pounds weights on each leg. Umbrellas need to be weighed down with 50 pounds. If your tent is not properly

weighed down, you will be asked to take it down immediately. The Market will not be responsible for losses/claims due to unsecured tents/canopies.

Ask if you have installed your weights correctly. The weight should not be cinder blocks. The rope/cord used to attach weight to the canopy should be rated for the weights being used. All weights & rope/cords shall be approved by CVGM Market Management a minimum of one week prior to the first market. This can be done in person at Orientation or by sending pictures of weights and ropes to CVGM. You might consider uploading photos onto your personal CVGM page.

The Market Management Team will consider the use of generators. They must be extremely quiet. Vendors must be able to set up and take down generators without help. Vendors must know how to use their generator and not expect others to maintain it for them. The Market has the right to repeal generator use at any time. Any cords must have appropriate OSHA rated cord mats to cover the part of the cord that lies in an area utilized by Market customers.
- 5.5 Clean-up:** Vendors are responsible for keeping their space clean and attractive during market hours and must clean up their space after the market closes, **this includes** sweeping up any debris and removing trash. There is no reason someone should have to pick up after you. **Vendors whose products generate waste (e.g., on-site prepared food and samples) must provide a trash receptacle at their booth for customers to use.** Look around you! Vendors habitually leaving trash will be asked to leave market.
- 5.6 Permits:** Before you can sell: Vendors shall provide CVGM with copies of any permits and licenses applicable to the sale of their products. Some examples are nursery licenses for perennial/woody plants (**this includes selling raspberry starts**), organic certification, food handler permits and commercial kitchens for processed foods. Vendors must post ALL CERTIFICATION on their stalls. NO EXCEPTIONS.
- 5.7 Hold Harmless:** Vendors assume full liability for the products they sell and agree to hold the CVGM, Logan City and Cache County harmless from and against any claim of injury, or damage by any buyer, vendor, or other persons, resulting from the use, consumption, disposition, display, or marketing of vendors' products. The Cache Valley Gardeners' Market is not liable for any injury, theft, or damage to either the buyer or vendor (or their property), arising out of or pertaining to preparation for or participation in the Market. Vendors further agree to indemnify and hold the Cache Valley Gardeners' Market, Logan City and Cache County harmless from and against any claims for such injury, theft, or damage.
- 5.8 Children** – Vendors with children are responsible to keep track of them. If your children become a nuisance, you will be asked to take them home. **Children under 8 are NOT allowed in hot food booths. This is strictly prohibited by the Bear River Health Department.**

- If cutting is done on site, the vendor must have hand washing facilities, gloves and a facility to wash, rinse and sanitize the utensils and cutting board.
- The sampling should be done by using toothpicks or individual cups to dispense the food. The public should never reach into a bulk container to get a sample.

Specialty Vendor Guidelines

Applicants wishing to sell in this category should contact CVGM before applying to discuss availability and options. Please note that fees will be significantly higher in this category, thus supporting our mission.

While CVGM does allow specialty items to be sold at the market, one of the market's primary goals is to support local farmers and artisans. Out of area items are only permitted under the following circumstances:

- The item in question is an agricultural or food-related product.
- The item in question is not otherwise represented at market by a primary producer.
- The item in question has been approved by CVGM manager.
- The item in question has been inspected by a representative of CVGM.

- 7.1 Specialty Vendors must be** suggested by the CVGM Market Management Team and approved by the CVGM Ag Committee. Individuals are responsible for obtaining copies of all licenses and/or permits required by the Bear River Health Department, Cache County, and the State of Utah and the USDA. Copies of all licenses/permits must be on file with the Cache Valley Gardeners' Market before their application will be accepted or assigned a space. CVGM reserves the right to limit the number of Specialty vendors each season.
- 7.2 All items must be pre-approved** through the Market Advisory Committee at least one week before bringing their items to the market. All specialty vendors must have some connection to the product.
- 7.3 Approval is valid for current season.** Returning vendors will not automatically be accepted.
- 7.4 Specialty vendors must buy direct from farmers** that grow, produce, or raise the product and must provide the name, address, and phone number of all farms. No third-party sales allowed.
- 7.5 Labeling.** Specialty vendors must label their product or use signage no less than 5.5" x 8.5" that clearly displays the name of the farm or business and the location of the source.
- 7.6** Any deviation from the above is subject to disciplinary action. (See Section 13)

Section 8

Taxable Product Guidelines

Crafts, Misc., and Foods

Special Tax Guideline for Vendors:

Sales tax is assessed on all value-added products and specialty vendor produce. A Market official will issue all vendors that sells at market a form with a special event tax identification number. Please keep this form, as it is required for filing whether you sell taxable goods or not. It is the responsibility of the vendor to know how much tax they need to pay. The form, and money collected should be sent to the Utah State Tax Commission after the Market closes in October. Your name, driver's license and event identification number will be reported to the state. If you have taxable and non-taxable items on the same table, all the items become taxable. Any required sales tax collections and remittances are the sole responsibility of the vendor. For further information, contact Utah State Tax Commission-Special Events Unit at 800-662-4335.

- Must represent their own work at market. No substitutes allowed.

To avoid duplication, menu items must be approved by CVGM. Additionally, disposable food service items including but not limited to plates, cups, flatware etc. produce the majority of the waste at CVGM and as such must be minimized in the first place and should be compostable or made of materials able to be recycled in Cache County when used (e.g. 1 & 2 plastics).

Utah law states children under 8 should not be in the cooking area.

8.5.1 Acceptance: A limited number of on-site prepared food and processed/preserved foods from Cache County will be allowed. All such foods will be evaluated before they are approved for sale in the market. Section 10

Child and Junior Vendors

Craft and Produce only – no food categories

Children's booths are intended for the child to learn business basics as they endeavor to sell **their** home-made crafts or home-grown produce while having a good real-world learning experience. We encourage the children to sell unique items and not duplicate what is already available at market.

We strongly request parents allow their children to contact the market, make their own arrangements and to "own" their own booth area as well as be the producers/stewards of the products being sold. All vendors under 12 must be accompanied by an adult.

10.1 We limit the number of children and size of space used. We also limit the amount of product a child vendor can bring each week to market. **Adults found abusing the program will be billed all application and day fees and lose the right to sell as a vendor in the future.**

10.1.1 Child Vendor's booths are limited to one card table-sized booth. Larger amounts must apply as Four Week Vendor. Children do not have the space for a canopy and might/might not have the space for an umbrella. The market manager will assign space as the child/junior vendor arrives at market.

Produce Amounts Allowed: The amount of produce that will fit in one cooler approximately 14"x14"x24". **Refilling is not allowed.** Vendors found refilling and abusing the program will lose the right to sell as a Child/Junior vendor in the future.

10.1.2 Eggs. Market Management has the right to determine the cost of space based on the number brought to Market. If you have more eggs available, please contact the market manager.

10.1.3 Please do not intentionally undersell or give away produce. Our adult vendors pay a considerable amount more than child/junior vendors and most also depend on this income. Child/Junior Vendors found doing this will be asked to leave market.

10.2 Junior/Child Vendors can sell their produce and handmade crafts within their parents' 10' x 10' space for no extra fee. An additional charge if extra space is required.

Child/Junior Vendor FAQs

- If you have more than one cooler full of produce to sell or require more space than a card table, your child can apply to market as an adult and request a half-size space. A half space does not accommodate a canopy. Only umbrellas may be used with this size space.
- We only accept craft and produce junior/child vendors. **No food items allowed.**

Section 11 Vendor Inspections

The purpose of inspections is to assure that products sold at the Market are vendor produced as required, are not limited to farm inspections, and to verify the vendor lives and works within the geographical boundaries.

11.1 Farm Inspections **All agricultural vendors are subject to farm or facility inspections by the CVGM Agriculture Committee.** The purpose of these inspections is to assure that the products sold at the market are vendor produced as required, that the vendor lives and works within the geographical boundaries of the market as well as being produced in compliance with current USDA, FDA, and UDAF guidelines for food safety. Please make sure you provide the address and location of all sites.

The Market Management Team has responsibility for vendor inspections, as needed in accordance with this policy.

11.1.1 The Ag committee may delegate authority to two knowledgeable vendor members or knowledgeable county extension agents to assist in the inspections.

11.1.2 Inspectors will note the production capabilities of the farm and facilities that they visit and report to the Ag committee and Market Management Team.

11.1.3 If discrepancies are found the vendor may be denied current and future access to the market without any reimbursement of fees.

11.2 Market vendors who are unwilling to have a farm inspection should not apply for participation.

11.3 Inspections should be done in a timely manner. The Market Management Team can remove a vendor from the approved list and prevent them from attending market until the inspection is completed.
